debtors in possession (the “**Debtors**”), for the period commencing July 1, 2023 through and including November 9, 2023 (the “**Compensation Period**”), and for reimbursement of its actual and necessary expenses incurred during the Compensation Period, respectfully represents:

**Preliminary Statement**

1. A&M serves as financial advisor in these chapter 11 cases before the United States Bankruptcy Court for the Southern District of New York (the “**Bankruptcy Court**”). During the Compensation Period, A&M provided invaluable advisory services and assisted the Debtors with stabilizing, preserving and efficiently operating throughout the bankruptcy process.

2. A&M’s efforts to advise and assist the Debtors in all facets of these cases during the Compensation Period were necessary and of substantial benefit to the administration of the chapter 11 estates. The professional services provided, and expenses incurred were actual and necessary to preserve and protect the value of the Debtors’ assets for the benefit of all parties in interest. In consideration of the nature of these cases, A&M’s charges for professional services performed and expenses incurred are reasonable under the applicable standards. A&M respectfully requests that the Bankruptcy Court grant the Application and allow interim compensation for professional services performed and reimbursement for expenses as requested.

3. This Application has been prepared in accordance with the Bankruptcy Code, the Bankruptcy Rules, the Local Rules, the *First Amended Order (I) Establishing Procedures for Interim Compensation and Reimbursement of Expenses for Retained Professionals and (II) Granting Related Relief* [Docket No. 2779] dated June 8, 2023 (the “**First Amended Interim Compensation Order**”), the Amended Guidelines for Fees and Disbursements for Professionals in Southern District of New York Bankruptcy Cases pursuant to Local Rules 2016-1(a) (as updated June 17, 2013) (the “**Local Guidelines**”), and the U.S. Trustee Guidelines for Reviewing Applications for Compensation and Reimbursement of Expenses Filed under 11 U.S.C. § 330,

Effective January 30, 1996 (the “**UST Guidelines**,” and, together with the Local Guidelines, the “**Fee Guidelines**”).

### **Jurisdiction and Venue**

4. The United States Bankruptcy Court for the Southern District of New York (the “**Court**”) has jurisdiction over this matter pursuant to 28 U.S.C. §§ 157 and 1334 and the *Amended Standing Order of Reference* from the United States District Court for the Southern District of New York, entered February 1, 2012. The Debtors confirm their consent to the Court entering a final order in connection with this Motion to the extent that it is later determined that the Court, absent consent of the parties, cannot enter final orders or judgments in connection herewith consistent with Article III of the United States Constitution.

5. Venue is proper pursuant to 28 U.S.C. §§ 1408 and 1409.

6. The statutory bases for the relief requested herein are sections 363(c)(1), 541, 1107(a), and 1108 of title 11 of the United States Code (the “**Bankruptcy Code**”), rules 6003(b), 6004(a), and 6004(h) of the Federal Rules of Bankruptcy Procedure (the “**Bankruptcy Rules**”), and rule 9013-1 of the Local Bankruptcy Rules for the Southern District of New York (the “**Local Rules**”).

### **Background**

7. The Debtors, together with their non-Debtor affiliates (collectively, “**Celsius**”), are one of the largest and most sophisticated cryptocurrency-based finance platforms in the world and provide financial services to institutional, corporate, and retail clients across more than 100 countries. Celsius was created in 2017 to be one of the first cryptocurrency platforms to which users could transfer their crypto assets and (a) earn rewards on crypto assets and/or (b) take loans using those transferred crypto assets as collateral. Headquartered in Hoboken, New Jersey, Celsius

has more than 1.7 million registered users and approximately 300,000 active users with account balances greater than \$100.

8. On July 13, 2022 (the “**Petition Date**”), each of the Debtors filed a voluntary petition for relief under chapter 11 of the Bankruptcy Code. A detailed description of the facts and circumstances of these chapter 11 cases is set forth in the *Declaration of Robert Campagna, Managing Director of Alvarez & Marsal North America, LLC, in Support of Chapter 11 Petitions and First Day Motions* [Docket No. 22] (the “Campagna Declaration”).<sup>3</sup>

9. The Debtors are operating their business and managing their property as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. These chapter 11 cases have been consolidated for procedural purposes only and are jointly administered pursuant to Bankruptcy Rule 1015(b) [Docket No. 53]. On July 27, 2022, the U.S. Trustee appointed an official committee of unsecured creditors [Docket No. 241] (the “**Committee**”). On September 14, 2022, the Court entered an order directing the appointment of an examiner [Docket No. 820].

10. On October 20, 2022, the Court entered an order appointing Judge Christopher S. Sontchi as fee examiner (the “**Fee Examiner**”), as amended [Docket Nos. 1151, 1746].

### **Case Status**

11. In response to precarious business conditions-the onset of a “crypto winter,” the well-publicized collapse of Luna, the failure of other crypto funds and exchanges, and a proverbial “run on the bank,” the Debtors commenced these chapter 11 cases to utilize the breathing spell afforded by the automatic stay and develop and implement a value-maximizing transaction as promptly as possible. Accordingly, the Debtors completed a while-company marketing and sale process that resulted in a multi-week auction and the selection of Fahrenheit as plan sponsor and BRIC as backup plan sponsor. Building on the consensus generated with key creditor and

---

stakeholder constituencies, including those with whom the Debtors have engaged in intensely adversarial litigation, and the resolution of several crucial legal issues.

12. Since the conclusion of the auction and the approval of plan sponsor agreements with Fahrenheit and BRIC, the Debtors prepared and filed a Disclosure Statement explaining in detail the facts and circumstances leading up to the chapter 11 filing, the many settlements, court decisions, and other developments that contributed to the formulation of the Plan, and the extraordinarily complex set of transactions contemplated by the Plan. The Disclosure Statement was subsequently amended to incorporate feedback from dozens of creditors and stakeholders, including multiple governmental agencies. Forty formal objections, including twenty-three letter objections, were received in opposition to the adequacy of the disclosure statement. The Debtors responded to or resolved each of these objections, and the court found the disclosure statement to be adequate and approved the solicitation and voting procedures, allowing the Debtors to commence solicitation.

13. The Debtors' hard work building support for the transactions embodied by the Plan paid off in the form of an overwhelming showing of support for the Plan from the Debtors' creditor base. With this clear mandate in hand, the Debtors proceeded to seek confirmation of the Plan. After receiving twelve formal objections and fourteen letter objections from individual creditors and governmental stakeholders, including the SEC and U.S. Trustee, the Debtors filed a confirmation brief in support of the Plan. The Debtors also completed separate briefing in support of the CEL Token settlement, which would fix the value of CEL Token at \$0.25 per token and thereby resolve a crucial valuation issue necessary for confirmation of the Plan. The Debtors then proceeded to a multi-week trial in which the Debtors presented opening and closing statements and testimony from seven declarants, including financial and valuation experts presenting evidence on the value of CEL Token. On November 9, 2023, the Court confirmed the Debtors'

chapter 11 plan of reorganization.

14. During the Interim Fee Periods, the Debtors made major advances in their chapter 11 cases which ultimately resulted in the confirmation of the Plan and they now seek to emerge from chapter 11 and initiate distributions under the Plan, a highly value maximizing result for the Debtors' creditors and stakeholders. This achievement has required significant effort by A&M to navigate novel, complex financial and operational issues of bankruptcy.

#### **The Debtors Retention of A&M**

15. By order, dated September 16, 2022 (Docket No. 842) (the "**Retention Order**"), the Court approved the Debtors' application to employ A&M as financial advisors (Docket No. 410) (the "**Retention Application**"). The Retention Order authorizes the Debtors to compensate and reimburse A&M in accordance with the Bankruptcy Code, the Bankruptcy Rules, and the Fee Guidelines. The Retention Order also authorizes the Debtor to compensate A&M at its customary hourly rates for services rendered and to reimburse A&M for its actual and necessary expenses incurred, subject to application to this Court.

#### **Summary of Professional Compensation and Reimbursement of Expenses Requested**

16. A&M seeks allowance of interim compensation for professional services performed during the Compensation Period in the amount of \$7,151,420.00 and for reimbursement of expenses incurred in conjunction with the rendition of such services in the amount of \$33,370.00. During the Compensation Period, A&M professionals expended a total of 10,091.2 hours in conjunction with the necessary services performed.

17. There is no agreement or understanding between A&M and any other person, other than members of the firm, for the sharing of compensation to be received for services rendered in these cases. During the Compensation Period, A&M received no payment or promises of payment from any source for services rendered or to be rendered in any capacity whatsoever in conjunction

with the matters covered by this Application (other than the Debtors in accordance with the First Amended Interim Compensation Order). Since the Petition Date, A&M has received \$26,213,733.45 in fees and \$69,741.74 for expenses pursuant to the First Amended Interim Compensation Order.

18. The fees charged by A&M in this case are billed in accordance with A&M's existing billing rates and procedures in effect during the Compensation Period. The rates A&M charges for the services rendered by its professionals in these chapter 11 cases generally are the same rates A&M charges for professional services rendered in comparable bankruptcy and non-bankruptcy related matters. Such fees are reasonable based on the customary compensation charged by comparably skilled practitioners in comparable bankruptcy and non-bankruptcy cases in a competitive national restructuring market.

19. A&M regularly reviews its invoices to ensure that the Debtors are only billed for actual and necessary services.

20. Annexed hereto as **Exhibit "A"** is a certification regarding compliance with the Fee Guidelines.

21. Attached hereto as **Exhibit "B"** is a summary of services performed by A&M during the Compensation Period broken down by task category, the aggregate number of hours for each category and compensation incurred for each category.

22. Attached hereto as **Exhibit "C"** is a summary schedule of A&M professionals who have performed services for the Debtors during the Compensation Period, the capacities in which each professional is employed by A&M, the hourly rate charged by A&M for services performed by such individuals, and the aggregate number of hours expended in this matter and fees billed thereof. Also, attached as **Exhibit "D"** is a summary schedule of time incurred by staff by task during the Compensation Period.

23. Attached hereto as **Exhibit “E”** is A&M’s detailed daily time records itemized by task category for the Compensation Period using project categories hereinafter described. A&M maintains computerized records of the time spent by A&M professionals in conjunction with prosecution of these chapter 11 cases. Section 330 also sets forth the criteria for the award of such compensation and reimbursement:
